19W-046

Attention: Business Development Managers & Mortgage Brokers

May 20, 2019

Please take a moment to read the important information contained in this bulletin.

Included in this Bulletin: **Seamless LPA Integration**

To support Freddie Mac's phasing out of the previous version of LPA, effective today, the "Submit to LPA" button will no longer be accessible from within BOLT. By default, access to LPA will utilize the Seamless integration, previously enabled. **Seamless LPA** provides a less time consuming and more efficient process for submitting loan scenarios to LPA, by removing the need to separately login to LPA to submit the scenario. All data input into the BOLT loan file is transmitted seamlessly to LPA. Any changes to the data necessary for processing must be made within the loan file prior to submitting to LPA.

Accessing Seamless LPA

There are two locations within the loan file to access the Seamless integration.

Pricing page

A rectangular button with a light gray background and a thin black border. The text "Submit to LPA (Seamless)" is centered in a dark gray font.

FHLMC Addendum page on the Loan Information page

A rectangular button with a green background and rounded corners. The text "SUBMIT TO LPA (SEAMLESS)" is centered in white, all-caps font.

For additional assistance, please contact your Account Executive or Production Coordinator.
